FROM A PANTIES CONNOISSEUR

I got the October issue, and I sent off the survey. But I'm going to have to buy another issue because you printed the survey with the lovely Aliza on the next page: the pic of her pulling down her panties…yummie! Thanks for printing the pics of the lovely Janie. I loved her flat-chested, skinny, mole-covered, pale body. It's a shame that the first pic of her, front on in her jeans, wasn't a panty or naked shot. Please bring her back for another session.

Also in the issue, you had a great pic of Vivian, front on, putting on a pink top. She looks great and has a fantastic set of pussy lips on her. A few more pics that were great were of Jamie in front of the yellow van, with her skirt up and her panties down, plus Korina's ass in those tight jeans–big pair of pussy lips as well! And Leann had a good body, with those dark pussy lips.

Now on to something else. I was disappointed in the September, Cotton Panties special section. Out of all the girls you featured, none could beat the pictures of Emily from the November '98 issue. Those pics of Emily, the front cover pic and the one inside of her on the phone in only her panties, were so fucking fantastic! Please could you print the pic of her on the phone in her panties as a full page pic. And please use her as a standard for your future panty shots. Look at the way those cotton panties molded around her pussy lips as she stands front on, in a natural pose. Yum!

And, last of all, I've sent e-mails about this a million times but to no luck. How about seeing girls in athletic clothing, cotton or lycra shorts, leotards, etc. I look forward to seeing some of my suggestions followed. All the best from London, and keep doing it the natural way.–**Tony T., London**

Potential NN girls please note. Many readers would love to see photos of panties pulled tight around your pussy lips. Follow the example of Emily–below and right–from the November '98 issue.

confession

PUSSY AND ASS

At a time when I was not at all happy with my life, a wonderful thing happened to me.

I went out to a bar one weekend night and ended up sitting all alone in a corner. A group of my friends came in with an older woman they had just met at a concert. They sat down with me, and it just so happened that the woman–I'll call her Faye–sat right next to me. We sat and talked for a while, but Faye and I talked a lot between ourselves. The next thing I knew we were sucking face!

We were having such a great time that we decided not to leave each other when the bar closed. I ended up staying with her over at my friend's place. We went into a bedroom and spent all of thirty seconds talking before we attacked each other.

Faye's body was not like any other woman's body I had ever seen. She was very full in all the right places. She was a little self-conscious about her weight, but her size did nothing but add to the awesome time I was about to have.

We got each others' clothes off very fast, and I began nibbling on every inch of her that I could, concentrating on her large breasts, with nipples that saluted each lick that I gave them. My cock seemed to have a mind of its own. It began pushing against her wet pussy lips, and then slid straight into that lovely, moist, slippery, warm area. Faye's cunt felt better than any other I'd fucked before!

As the head of my shaft hit her back wall, she groaned out loud. "Fuck me! Fuck me!"

I knew that I was probably in for the fuck of a lifetime.

> "Already soaking wet with our cum, my cock slid smoothly into her tight ass. It felt incredible as she rode me."

Faye was on her back, and I was thrusting slowly and deeply into her for five or six minutes when she stopped me. She pulled my cock out of her cunt, got on her hands and knees and asked me to fuck her doggie-style. It was even better that way because each time I plunged my cock into her pussy she yelled out in ecstacy, and I could hear the slapping sound our bodies made as we fucked. It was so wonderful! Then, all of a sudden, Faye started shaking and yelling, and she had one of the most powerful and wettest orgasms I had ever seen a woman have.

As she came, I could feel myself about to release a month-old load of jism. I turned her over, onto her back, and she started moving cunt muscles that milked my cock as I slid back into her boiling pussy. After about ten seconds, I shot loads and loads of my man-sauce into her, and it felt so good!

We lay there for a moment or two, and then I pulled out, thinking it was all over. I went to kiss her, but Faye had other ideas. She shook her finger at me, threw me onto my back, and began to lick and suck on my wet, limp dick. I tried to get her to turn, so I could please her with my mouth also, but she wouldn't let me. She kept on sucking my cock until I was close to cumming.

Faye sensed this, pulled my legs out straight and sat over me. She took my cock in one hand and placed the throbbing head against her asshole.

Already soaking wet with our cum, my cock slid smoothly into her tight ass. It felt incredible as she rode me, screaming with every downstroke. I'd never fucked a woman's ass before. Somehow it was real different to fucking a pussy. Faye gasped that she was cumming, and she squeezed my cock with her muscles. She started pounding up and down, faster and faster as she roared in orgasm. I tried my best to pump into her, and she moved faster, her ass cheeks slapping against my thighs on her down strokes. I couldn't believe that I had it in me, but I shot another load of jism deep into her pulsing ass.

Faye pulled my dick out of her ass, kissed me on the lips and laid her head on my panting chest. The next thing I knew, it was morning, and she had to go home to get ready for work. But she gave me her phone number so we could get together some more. Life was good again.**–Jay, Savannah, GA**

"My mom thinks that I'll probably be a politician when I graduate from college because I get upset over things that are wrong in this country. Like the drinking age being 21. Like 18 being the age of consent. What crap! Most of the male Washington politicians who endorse that law would fuck a 16 or 17-year-old girl, given half a chance. I was having sex when I was 16. My mom knew about it 'cause we talked about birth control. I was old enough to know what was right and what was wrong. It was just with one guy—who was 18—and we didn't have to do it on the sly."

"Ever since the first time I did it, I've loved having sex in cars. I guess being short makes it easier for me, and I don't usually date tall guys, so the guys I'm with don't have problems with their legs getting in the way. The best way I've found is doggie-style, if the car's big enough and the back of the passenger seat drops back flat. I kneel on it, and the guy sits on the edge of the back seat. I can cum and cum if we do it like that."

Making love in a comfortable, safe bed is wonderful. But doing it in the back of a car in a public place is thrilling."

"The other thing about having sex in cars is that I love doing it in unusual, risky places. I suppose that started off a few years, ago, when i used to have sex with my boyfriend in his Camaro, late at night, in my parents' driveway, right outside their bedroom window. The thrill factor of possibly being caught was a big turn-on to me—and he was so horny that he didn't give a damn. sine then, with other guys, I've made love in the parking lots at malls, in a parking building at Miami Airport and outside Pro Player Stadium after a Miami Dolphins' football game. it's always the same with the guys: promise them pussy, and they'll have sex with me wherever we are.

We go to hot rod meets all over the Midwest and that's cool 'cause we get to stay in motels. That means we can make love in private, without being bothered by our roommates, which happens a lot when we're in bed at his place or mine. JACKS
BACHELOR

SCRATCHING

The Seven Year Itch

"The anniversary party was a real, fucking success!"

As told by Julie Anderson
Illustration by Phil Neill

"You want to what?"

That had been my first reaction to my friend Lisa's plan to have a bachelor party for her husband, Jack, rather than a normal anniversary party. To head off the infamous seven year itch, she said. It was the thought of scratching Jack's itch that made me finally agree to her plans. There was something about the way he looked at me…

Anyway, that's how I got to where I was, standing in the doorway, listening to the heavy, rock beat of the music, dressed in a sexy maid's uniform, complete with nipple cutouts. One step, and it would be too late to back out.

Lisa, standing behind me, gave me a little push. I staggered into the room and froze, caught like a deer in the headlights, with every man in the room staring at me. I pasted a smile on my face, straightened my shoulders and started serving the drinks off my tray. I don't think any of the guys noticed the smile; their eyes were focused on my breasts, my exposed nipples.

I looked down, and was shocked to find them rock hard. This was really turning me on. It had been six months since the divorce, even longer since I'd been with a man, and my body was ready. I blushed and got further into my role, just a proper maid serving drinks.

Next, I'd be serving Jack, and rather guiltily, I looked for Lisa. There she was, right across from me, clad in the same skimpy costume, leaning forward and letting some man brush her breasts with his hands. I glanced down at Jack, expecting to see jealousy in his eyes.

What I saw was a flash of passion, so intense it almost scared me.

"That's a good idea," he said, looking at me with those bedroom eyes.

It was a dream come true. I bent over and let my breast hang just inches from his mouth. He reached out with his tongue and brushed my nipple. I felt a jolt through my whole body, and my pussy muscles clenched. I leaned forward farther, and he took my nipple into his mouth, sucking softly as his tongue flicked against it. I closed my eyes for a second, enjoying it, then stood back up and shakily moved on to the next man.

That seemed to have broken the ice. From then on, when a guy took a drink from my tray, he also fondled my breasts or sucked them. By the time my tray was empty, my legs were trembling so much I could hardly stand, and my pussy was soaking wet.

I headed back to the kitchen for more drinks and to get control of myself. I was so hot that I just lay my head and arms down on the table and tried to calm my breathing. I hadn't expected to get so aroused by the situation. There was just something about all those men, staring at me, fondling me, that had my body racing. I knew I wanted more than breast play.

I became aware that someone was behind me. I felt hands on my waist, and a body pressed against me.

"You look inviting in this position," Jack's deep voice rumbled in my ear.

I couldn't help myself. I rotated my ass against him, feeling his hard cock through his pants. He flipped up my short skirt and moaned. I was bare except for the straps from the garter belt holding up the fishnet hose. I spread my legs a little and swiveled my hips.

I heard his zipper, and felt his hard shaft caught between the cheeks of my ass. He lifted me up a little, running his cock along my wet slit. A slight push, and he was firmly inside me.

I went wild. I grabbed the side of the table and pushed myself back onto him. He went in deeper, harder, and I met him thrust for thrust. The lewd sound of wet bodies smacking together filled my ears as his hard cock filled my aching cunt. We fucked hard, lost in the feelings, driving each other higher and higher with every stroke. I held the table even tighter and bucked beneath him. He rode me, and his cock seemed to grow inside me, getting harder and bigger with every passing minute.

Then came that spiralling feeling, that tenseness in my body that was reflected in his, and we were closer and closer until I gave a high pitched moan and came. Seconds later, his hands tightened on my ass, and he buried himself inside me, his cock spurting deep inside my spasming pussy. He collapsed onto my back, and we just lay there, feeling the relief flood our bodies.

Then the memory of where we were came back in a flash. I pulled myself upright, straightening my skirt. He had barely finished zipping his pants when Lisa came in. She just told me they needed more drinks out there, then, with a mischievous look at her husband, started filling her tray with sandwiches. I loaded my tray with drinks and went back to join the party.

I knew that I smelt of sex. I felt both vulnerable and powerful as I caught the eyes of the men, licking my lips as they played with my now-swollen breasts. It was hard not to give in to the desire to just climb on someone's lap, to drop my tray and hold a man's head against me. I could feel the juices trickling down my legs, and the thought of what was to come made it even worse.

Instead of having a woman jump out of a cake, Lisa and I had decided to serve dessert off platters–and the platters would be our bodies. We had put screens around two tables at the side of the room, and when the time came, I slipped behind them, taking off my clothes and lying naked on the table.

Jack was the one who prepared me, and someone else was over with Lisa. I could hardly keep my body still as he lay down a layer of bananas on my breasts and stomach, then stuck one into my cunt. He pulled it out and ate it, then put in another one. Next came the whipped cream, then a few cherries and chocolate syrup. My legs were spread wide, and with my hands I was holding tight to the edge of the table.

"Dessert time," he announced and pulled the curtain back.

He was the first to lower his head and start licking. I was so busy watching his dark head framed against the whiteness on my breasts that the mouth on my lower parts came as a surprise. I

"Screwing in the sun when you're covered in oil is incredible."

"Have you ever had sex with both of you really oiled up? That's what Vince, my boyfriend, and I did after taking the photos. We rubbed oil over each other from neck to feet until we were really slippery. That turned us on. Then Vince tried to screw me while I lay on my back with my legs wide apart, but he had trouble staying on top. So he did me doggie-style, which I love, cause his cock goes really deep into my pussy. You should have heard the noise our bodies made as they slapped against each other. Vince made me cum first, then he pulled out of my pussy and did me in the butt. He slid in there as easily as into my pussy. That was the hottest, wildest sex we've ever had!"

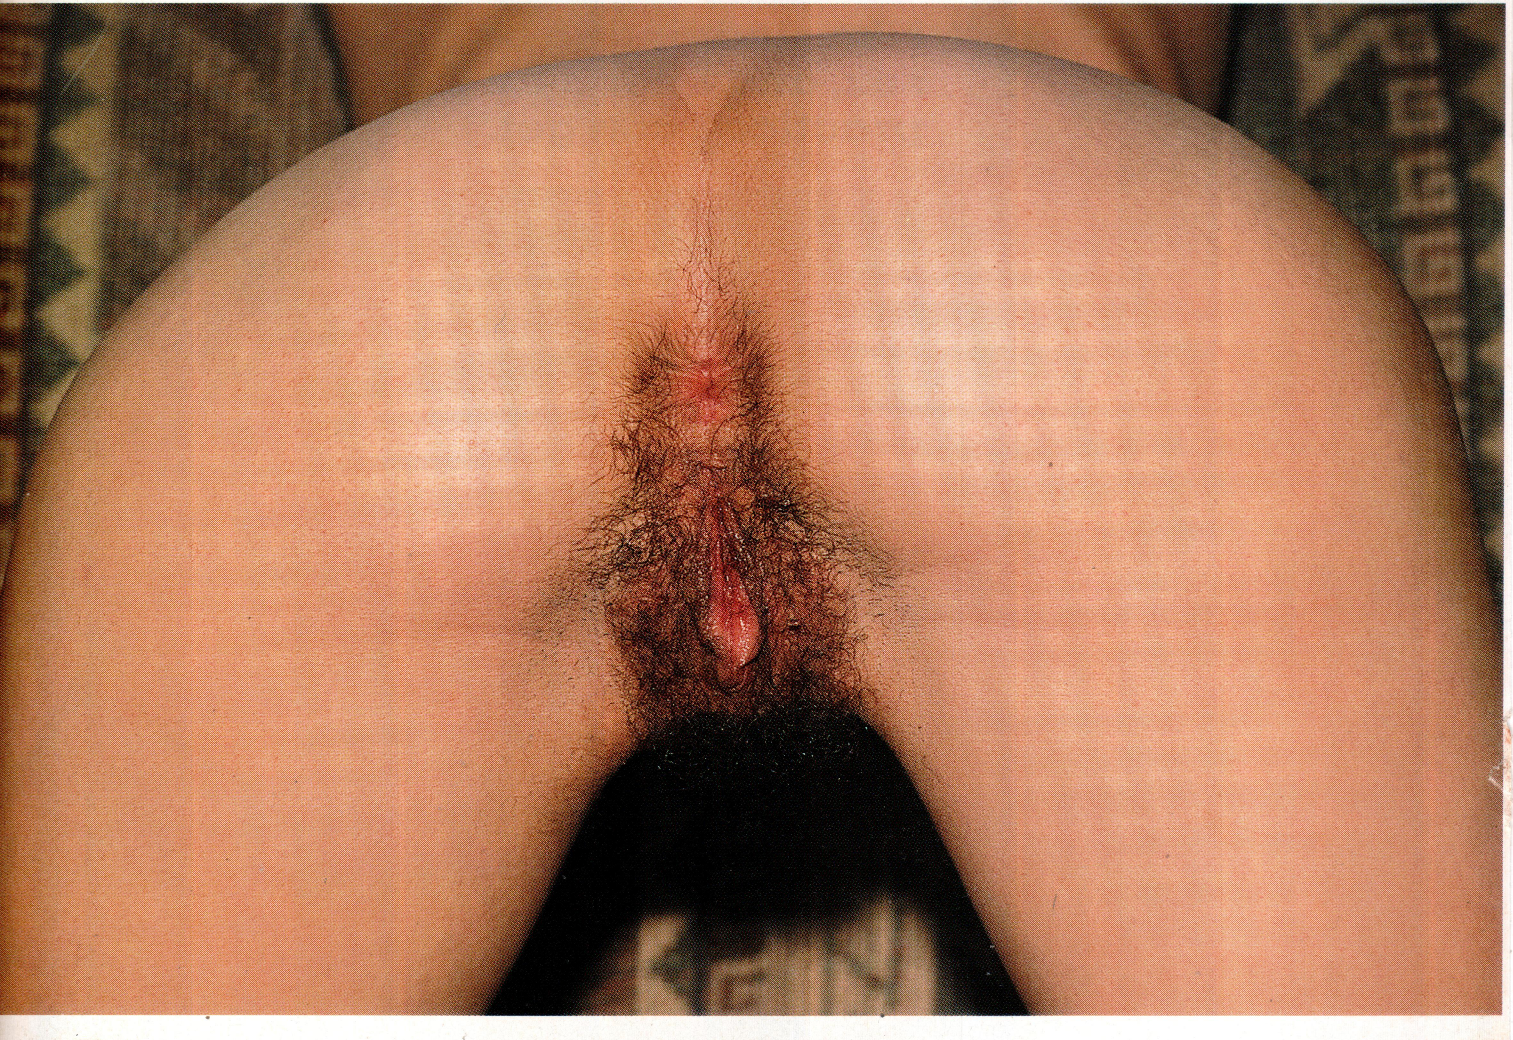
“I’m studying to be an A student in sex, and I need all the practice I can get.”



"Before I left home for college, I'd only had sex a few times—with one guy—and I wasn't very impressed with it. I figured that my first year, in the dorm, would be fun, with lots of parties and guys around. But I thought my sex life would really start when I moved off campus in my second year. But some of my new friends have an apartment, I met a great guy in Psych class, and, all of a sudden, my sex life's incredible. Brian and I stay at the apartment most weekends 'cause one of the girls usually stays with her boyfriend and she lets us use her bedroom. Now I'm really impressed with sex!"

SEXUAL NEWS FROM AROUND THE WORLD

Prime time proposal

An Icelandic man who works in advertising, paid $900 to air a 35-second marriage proposal to his girlfriend in a commercial broadcast on prime-time television. "I just had to do this before someone else did," Haukur Magnusson said. "When I met her later in the evening, she said 'Yes.'" The bride-to-be was at home watching television when she saw the commercial. "It was a complete shock," she said. "I could not believe my own eyes. Of course I'm going to marry him. It's an offer that I couldn't refuse."

Obscenely stupid

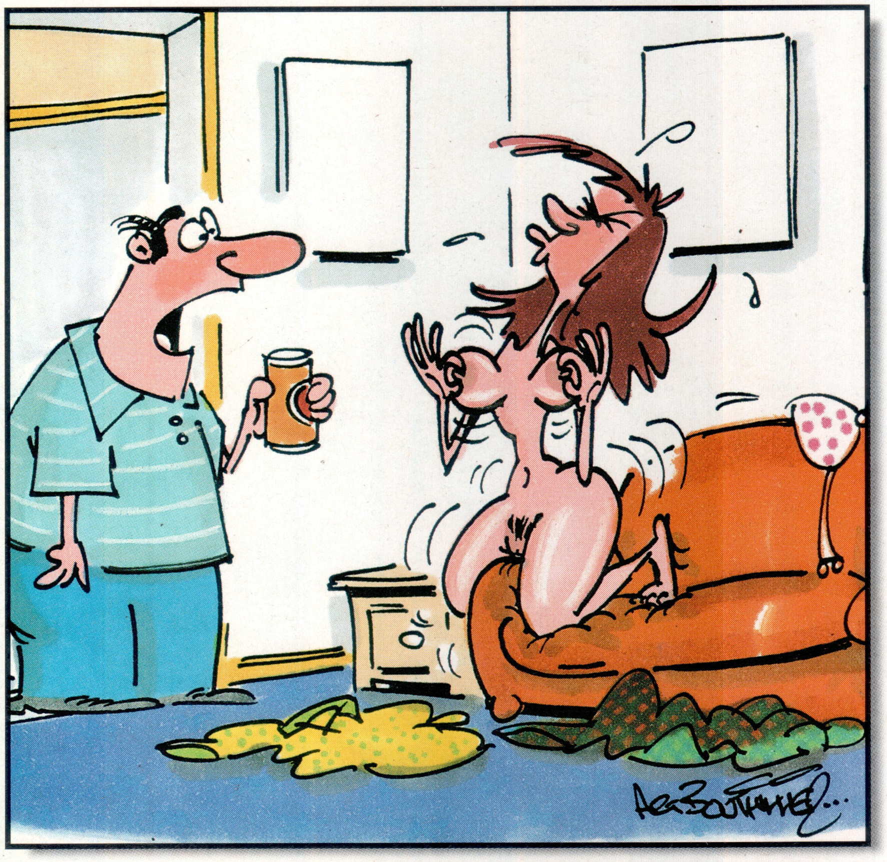
Police caught a 32-year-old Austrian man who admitted making more than 40,000 obscene phone calls in Vienna. He was finally identified by a woman he had pestered every day for six months. Exasperated, she told him she was too busy for an obscene call at the moment, but if he would leave his number she would call back. He did, and she called the police.

Public was too public

The Hong Kong government has ordered the removal of a hidden camera which was installed at a public beach, after a company used it to transmit live footage of sunbathers on the Internet. City Telecom began putting footage filmed at the popular Deep Water Bay on its Web site, said a company representative. Sunbathers didn't know they were being filmed. "The idea was to let Net users see something they wouldn't normally see," she said.

A real horny bird

Scientists as Britain's Sheffield University have discovered a sex-crazed bird with a "fake penis," which gives it the unique ability to experience an orgasm. Noting that the red-billed buffalo weaver from Namibia is the only bird known to achieve this state of ecstasy, the scientists said they studied it by persuading male birds to copulate with a taxidermist's stuffed female, recording mounting sessions lasting up to half an hour.



"I KNEW YOU LOVED LEATHER. I JUST WISH I'D KNOWN HOW MUCH BEFORE WE BOUGHT THAT DAMNED COUCH!"

A deal is a deal

A prostitute who ran away from a client who was demanding a third bout of sex should have delivered, a judge in Harare, Zimbabwe, said. He criticized a lower court for convicting a man of raping a prostitute after she refused a third round of sex in bushes outside a nightclub, complaining that the fee of 70 Zimbabwe dollars ($1.83) was too small. "The accused was entitled to hold the complainant to the terms of the agreement, and she was bound to perform," said the Justice. Prostitution is illegal in Zimbabwe, but the judge said the woman was, nevertheless, under a contractual obligation.

A phallic fuss

Plans to build a glowing sculpture that looks like a phallus in Recife, Brazil, has plunged the seaside city into such an uproar that its gun-toting mayor even stormed a newspaper and threatened to kill the art critic and a gossip columnist. Debate over the enormous, penis-shaped statue erupted in the local media after a city committee voted to censor the commissioned artist, Francisco Brennand, said the president of the Union of Pernambunco Journalists. Brennand, one of Brazil's most famous artists, is known for his erotically-charged ceramic sculptures. But he says that his design for the 100-foot tower, which is part of city improvement, represents a beacon to outer space rather than anything phallic. The design, as shown on television reports, however, did appear to be a giant, male, sex organ. A move to tone down Brennand's original concept by making it look more like a lighthouse sparked a storm of criticism and prompted the artist to quit in a dramatic protest in which he smashed another sculpture. "I must express my deep revolt at having work censored by people completely outside the world of culture and art," Brennand wrote in a letter to the mayor's office. The gossip columnist and the art critic wrote in the *Jornal do Commercio* newspaper that the mayor's conservative wife was behind the committee's censorship vote. According to witnesses, in reports confirmed by the newspaper, the mayor marched into the paper's office in Recife, opened his jacket to display a gun and issued a veiled threat to the two reporters.

Whitehouse.sex

A company that prints *Yellow Pages* incorrectly identified the Web site for the White House, potentially leading browsers to a site specializing in porn instead of the president. *One Book Yellow Pages* started delivering 800,000 of the books to customers in 10 counties across Ohio, Kentucky and Indiana. The books won't be recalled, but the company's general manager said his company is sorry for the mistake. The addresses for the FBI and NASA also are wrong. This year, the company started a new Internet section in the phone book as a resource for computer owners. The White House's Internet address listed in the new edition is www.whitehouse.com instead of the correct www.whitehouse.gov. Company officials say they became so accustomed to addresses having the "com" ending that the White House address looked correct when they proofread the phone book section.

Viagra, take one

Ten men with rifles broke into a drugstore in a suburb of Manila, in the Phillipines, and fired on police as they emerged from the store before fleeing in two cars and a van. According to an official of the Mercury Drugstore chain, the only items taken were boxes of Viagra.

Viagra, take two

Researchers at Bar-Ilan University in Israel have determined that Viagra will help double the life span of plants, fruits and vegetables. "Plants aren't all that different from people," said a plant physiologist, explaining that Viagra, "helps prevent aging and helps them stay erect."

Tarzan can't swing free

Israel's ultra-Orthodox Jews condemned advertisements for Walt Disney Picture's animated film *Tarzan* that show the vine-swinging, jungle man clad only in a loincloth. The head of the Israeli firm handling the film's publicity, told a daily newspaper that the company would consider clothing Tarzan in the promotional posters to accommodate the ultra-Orthodox. "It won't be so terrible," he said, "to have Tarzan wearing pants."

Bumbum policies

Brazil's leading sex symbol Susana Alves, a *Playboy* model who shot to fame playing a mischievous S&M queen, Tiazinha, on a popular TV show, has insured her trademark buttocks, knees and ankles for $2 million, her lawyer confirms. Alves, 20, became one of Brazil's most watched celebrities when she dressed up each week night in high heels, Zorro mask, thong bikini and riding crop to dole out punishment to enthusiastic, teenage, studio guests. Unibanco Bank offered the former ballerina the insurance policy in exchange for appearing in a billboard ad alongside the words, "Sorry, but we want Tiazinha covered from head to toe." Tiazinha joins a list of Brazilian celebrities who have insured their body parts. Dancer Carla Perez made headlines a couple of years ago when she took out a $2.3 million policy to cover her buttocks. In fact, such policies have become common enough that insurers refer to them as "bumbum" policies, Brazil's affectionate term for female backsides.

Solo sex for soldiers

A handbook for soldiers issued recently by the Indian Army's medical unit touts masturbation as "one of five golden rules," to stop the spread of the AIDS virus in the armed forces. The others are sports, reading, spiritualism...and condoms.

Adultery is big business in Japan

Japanese wives are using police-type science to help them keep track of their husbands to see if they are committing adultery.

In Tokyo and Osaka, private detective agencies are selling $250 forensic kits to women who suspect that their husbands are cheating on them. Purchasers receive two aerosol cans of "S-Check" spray which, when applied to underwear, highlights traces of semen. Each is sprayed on suspect underwear in turn. If seminal fluid is present, the spray from the second can will turn it bright green.

As semen is released from the urinary tract in minute quantities for up to two hours after ejaculation, cheating males can be "caught" long after their liaison is through.

Also available is a gel which a wife rubs into her spouce's back in the morning, before he takes off from home for the day.

If he showers before returning home in the evening–as many adulterers are believed to do–the gel on his back will form a blister.

This same gel is also temperature sensitive. If rubbed into a man's socks, it will alter the color of the fabric if the socks are taken off for longer than 15 minutes during the day.

Long regarded as unthinkable, divorce in Japan is now becoming accepted as just another price to be paid for living in the modern world.

"Sex with my husband is always great, but we'd love for me to fuck another guy in front of him."

"My husband and I would love to be swingers but, because of his job, it just wouldn't be worthwhile trying it. Everyone knows that a couple of his married bosses are fucking their secretaries but, just like in all businesses, double standards apply, and he'd get fired if it became known he was doing anything out of the norm."

HOW TO BE A *naughty* neighbor

JUST FOLLOW THESE STEPS...

TAKE A PHOTO WITH TWO ID'S

Enclose a close-up photo of you holding up two forms of identification. One of them must be a photo ID. Use your driver's license, passport or company ID for this. U.S. law dictates that you must be at least 18 years of age to be featured in a magazine.

ALSO INCLUDE PHOTOCOPIES OF THE ID'S

Include photocopies of the two ID's. Our legal department makes us keep these for every girl we feature. Don't worry, we protect your privacy. We'll contact you before publishing any photos. For the sake of privacy you may give us a fictitious name to use with your photos.

TAKE HOT, SEXY, WELL LIT PHOTOS

Girls:You can get posing ideas from this issue. Be extra naughty! Be creative! Photographers: Unless you are shooting slides, use ASA 200 print film for best results. Use a flash unit: we can't use dark shots. Get up close to the girl: she should virtually fill the viewfinder. Use just use one location and one outfit, we can't use a collection of photos taken in various locations at different times. Use an absolute minimum of two, 36-exposure, rolls of film to get enough suitable photographs.

Cut and return with photos

Seven Year Itch
continued from page 39

just closed my eyes and lay there, not wanting to be distracted by anything.

I have no idea how many men were eating off me. I just felt mouths and tongues, licking every inch of me. I couldn't stop moaning. The whipped cream canister was used often to slather me as they licked and sucked.

It was heavenly. From nearby, I could hear Lisa moan as she received similar attention. The hard beat of the music was the final touch, giving the whole scene an other-worldly feel.

The banana in my cunt stayed in place for a long time, then, finally, I felt lips on me, then a tug as the banana was removed. But instead of staying gone, it went back in and fucked me. There I was, with men all around me, being fucked with a banana. I couldn't believe how erotic it all was.

Jack was the one who called a halt to it, just as things were beginning to get out of hand. It was exciting and scary at the same time. The sexual tension was thick in the air.

I started picking up empty glasses. I dropped one, and it rolled under the big, oak dinner table that the guys were sitting around. I bent over to pick it up and noticed that the guy nearest me had his cock out of his pants and was stroking it softly. I licked my lips, aroused at the sight. I've always loved the feel of cock in my mouth, that combination of hardness underneath with the softness of the skin on the head.

I knelt there and looked around under the table. There was a feast of cocks right in front of my eyes, and this was a night where anything went. So I went for it.

I crawled under the table and found the cock nearest to me. A nice, thick cock, semi-hard so I could easily fit it all in my mouth. I used my tongue a lot, twirling around the head, feeling it grow in my mouth to become stiffer and longer. The guy moved his legs apart to give me more room, and I buried my face there, letting my lips smack against

"I'm into being spanked during sex. Not all the guys I've slept with will do it. I really can't bring myself to mention it in advance, so I wait until we're fucking, suggest doing it doggie-style and then beg the guy to 'Spank me.' I like it hard, so that my ass is really red and stinging by the time I cum. If he fucks me in the ass while he's spanking me, then so much the better!"

Seven Year Itch

the hairs as I drew him in and out of my warm, wet mouth.

It wasn't long before he tensed and gushed out, filling my mouth with his load, which I swallowed eagerly. Then I looked for another cock. This one was skinny and very long, and the pants were denim. I tried to remember a face that went with it, but I didn't. And I spent no time thinking about it. I wanted to taste some more cum!

I had just started on my third man when I noticed that Lisa had joined me. There wasn't that much room, so we each kept to our end of the table. That gave us six men each.

Jack was sitting down at my end of the table. I knew him from the sight and feel and smell of his cock and I was really getting into sucking him when I noticed that Lisa had stopped what she was doing and was watching me. Those hands caressed and manipulated any part of me that they could reach. I heard moaning and harsh muttering as we fucked.

Lisa was on the floor with someone, and everything was breaking lose.

Denim legs was wonderful, and it wasn't too long before we both came. I looked around me at all the men, and wanted more...

And I got more. My needy pussy was fucked, again and again, by every man there. My body kept surging, reaching a height, cumming, then starting the whole ascent again with another man. Sometimes it would just be one, sometimes there was a mouth on each of my breasts as I pushed toward the hard, waiting cock that was fucking me. Once, I held a cock in both hands while my frantic body was pushing towards the cock in my pussy. I caught the sight of men with their hands flying over their

NAUGHTY NEIGHBORS presents

JOANNE

Nottingham, England

"Giving in to my boyfriend's pleading –after he read about it in *NN*–I've just trimmed my pubic hair. I'll tell you what girls; I don't know why I waited so long. He always liked going down on me, and, obviously, I loved it, but now that I'm trimmed, he gets into sucking my pussy lips more and chewing on them and it drives me fucking crazy! Although I'd enjoyed it, he'd never been able to make me cum that way, probably because he got sick of getting hair in his mouth and gave up too soon. Now he sticks at it, I cum and I scream like a banshee!"

Seven Year Itch

shafts, and it seemed to me that the whole world was nothing but cocks waiting to fuck me!

Then I rolled over, and got it from behind, doggie-style. I was still in the position when Jack came back to me. I was so wet and lost in the feelings that I really didn't know what was going on until I felt his cock poised at another hole, a tighter hole. The mixture of my juices and large amounts of cum that was flowing from my cunt provided a handy lubricant for his cock, and he coated himself with it. Then, slowly, steadily, he eased his cock into my ass.

At first, I tensed up. I had never been fucked there before. Then I felt other hands on me, softly stroking me, and I heard Jack's voice, telling me to relax. And it started feeling good!

Once he got past the tight muscles and inside the cavern, I was amazed at the fullness, the rightness of it. My muscles let go and gave him the entry he needed. The entry that I wanted. I was so full of him that I couldn't control myself. I threw my head back and screamed. He went deeper than I'd ever thought possible, so deep that it felt like there was no end to how far he could go. He was buried to the hilt in my throbbing ass, and I was out of my mind with the need for more. Again and again he pummeled into me, stretching me where I'd never been stretched before. Then, he astonished me with its force, as his cum spray burst inside me.

I just lay there for a while, breathing deep gulps of air, as fireworks burst upon my eyelids. Gradually, I noticed there was less activity, that the room was emptying. Soon, it was only Jack and Lisa and I. I couldn't help pulling Jack to me for a long kiss. I was totally blown away by the feelings coursing through my body.

Lisa just grinned at me. "I told you it would be a good party," she said.

That struck us as funny. We giggled about it while we got dressed. They thanked me for coming, and that made us break into laughter again.

I trotted back to my own, empty house and crawled into bed. I spent a moment in thought, wondering how my own marriage would have fared if I had given my ex the kind of party Lisa had given Jack. Then my thoughts went back to the party, and I slid easily to sleep, my hand playing gently in my wet, somewhat sore pussy.

It'll be a year till their next anniversary, I thought as I fell asleep, but there are many holidays in a year. Lots of excuses for a party. Maybe next time, we could...

"A palm reader told me to do something daring before the end of the year, so I decided to pose, like I'd been thinking about."

NAUGHTY NEIGHBORS
presents
KATE
London, England

“I’d like to be in the January 2000 issue, starting the Millennium by being naughty.”

"I've been going to a gypsy palm reader three or four times a year. Last time, she said that my future was hazy because my life was in a rut. It was the same old thing: classes and study during the week, out with Charlie on Friday and Saturday nights for a meal, a few drinks and a quick fuck, and that was that. She said I should do something daring before the end of the year to break the cycle and steer me off in a new direction. I talked about it with Charlie and he laughed at me until I told him what my idea of daring was–sending naked photos to NN. Then he got interested. We had fun doing it–and a great fuck afterwards. Let's see what changes for me now."

Baby Faces On Video

From *Naughty Neighbors*, three girlie girls on a 75 minute video.

SUNNY

When Dave picks Sunny up at the bus bench, he's the one who's about to get the ride! This cute little 18 year old may be new to sex, but she takes everything Dave's big, bloated, 57-year-old dick can dish out and then some. Petite Sunny gives Dave a mouth-stretching blowjob before being skewered in every position your dirty mind can imagine. This is fantastic hardcore sex captured from every erotic angle.

KELLY

This teensy 18-year-old Kansas teen should be in class, but she took time out to do her first ever video for the horny editors of *Naughty Neighbors*. Kelly was shy at first and it took us a while to talk her panties off, but once she warmed up, this petite young lady gave herself a dildo workout that will leave you in a sweat. If you liked her pictorial in the June '99 *NN*, you'll love seeing her girlish cookie stretched to the max by a giant dildo.

KATLYN

You can find this tight little 18 year old selling Italian Ice on Ft. Lauderdale Beach, or you can buy this video and have her all to yourself in the privacy of your happy room. Katlyn shows off the beach bunny body that drives every male crazy at the beach and then gives you a mouthwatering tour of where the sun don't shine. She looks innocent, but this neighbor gets very naughty.
